Strategic Plan for the year of 2018-2023

A) Short-term strategic plan:

- a) Ensuring adequate curriculum delivery necessitates a complete strategy that includes academic planning, a well-structured timetable, attempts to encourage slow learners, particular attention to advanced learners, and regular class assessments, seminars, and presentations.
- b) Improving teaching and learning methods, with a focus on highly interactive approaches.
- c) Encouraging inventive and creative involvement, as well as promoting a research-oriented thought process among teachers and students, in order to improve their teaching abilities.
- d) Prioritising greater community services demonstrates the TEI's dedication to social involvement, as students actively participate in a variety of community activities.
- e) Students' skill development is emphasised through workshops, seminars, value-added courses, and activities that promote soft skills and personality development.

B) Long-term strategic plan:

- a) Qualitative growth is focused on enhancing academics, administration, and student abilities, with the strategic plan including NAAC assessment and accreditation as a means of attaining this goal.
- b) The HKCE's future strategic strategy includes launching post-graduate courses such as M.Ed. and MA in Education, as well as establishing a research centre.
- c) Strengthening the research base by promoting research facilities and increasing research contributions.
- d) Strengthening IQAC and undertaking quality activities to achieve established standards.
- e) Developing strategies for establishing a national and international presence.
