RESPONSIBILITY OF SHAPING THE FUTURE YOUTH OF THE NATION**

Maharashtra Educational Society's

Humera Khan College of Education

Venue: 501 Classroom

Date: 15.02.2025

Time: 10:00 am to 1:00pm

Humera Khan College of Education organised an action research workshop for semester 4 for the S.Y.B.Ed. students of the college. This workshop helped the students to get a brief knowledge about what actually action research is. The workshop program took place on 15th February 2025.

Objective:

The objective of an **Action Research Workshop** is to equip participants with the knowledge and skills to systematically investigate and improve their own practices, particularly in educational, organizational, or social settings. The key objectives include:

1. **Understanding Action Research** – Introducing the concept, principles, and methodologies of action research.
2. **Identifying Problems** – Helping participants identify real-world challenges in their work environment.
3. **Developing Research Skills** – Teaching methods for data collection, analysis, and reflection.
4. **Designing Action Plans** – Enabling participants to create research-based strategies for improvement.
5. **Collaborative Problem-Solving** – Encouraging teamwork and collective inquiry.
6. **Implementing and Evaluating Changes** – Guiding participants on how to apply findings and measure impact.
7. **Promoting Continuous Improvement** – Fostering a mindset of ongoing self-reflection and development.

Significance:

An **Action Research Workshop** is highly valuable in academic, professional, and social settings. Its significance lies in the following key aspects:

1. **Empowers Practitioners** – It enables individuals, especially educators, professionals, and researchers, to address real-world challenges in their fields through systematic inquiry.
2. **Enhances Problem-Solving Skills** – Participants learn how to critically analyze issues and implement practical solutions, leading to continuous improvement.
3. **Bridges Theory and Practice** – The workshop helps participants apply theoretical knowledge to practical situations, making learning more relevant and impactful.
4. **Encourages Reflective Practice** – It promotes self-assessment and critical reflection, helping individuals refine their methods and approaches for better outcomes.
5. **Facilitates Collaboration** – By engaging in collaborative research, participants can share insights, experiences, and strategies, fostering a culture of teamwork and collective learning.
6. **Supports Data-Driven Decision Making** – The workshop trains participants to collect and analyze data, leading to informed and evidence-based decisions.
7. **Promotes Continuous Professional Development** – Action research fosters lifelong learning and growth, keeping individuals updated with new trends and methodologies.
8. **Leads to Sustainable Change** – By focusing on iterative improvements, action research encourages long-term, sustainable development in organizations, institutions, and communities.

Content:

1. The Workshop started at around 10:00 am in the morning and it was facilitated by Dr. Sandhya Sarwade ma'am she introduced the action research to the students.
2. After briefly introducing the action research to the students ma'am ensured that every student understands how to frame the aim or title of their research.
3. Sandhya ma'am with the help of an illustrative ppt made sure that the concept of action research and why it is done is clear to the students
4. Sandhya ma'am explained each and every minute details about how the black book needs to be formulated after collecting data
5. She also gave number of examples about activity method used in the teaching technique so that the students can be benefitted by it.
6. Dr. Sandhya Sarwade ma'am had been the guiding light for the students as action research holds immense value in the B.Ed. curriculum

Learning Outcomes:

1. Helps students understand action research in depth.
2. It is beneficial for the students as it can be used in their future endeavours.
3. Action research helps our future teachers to understand their students in depth and facilitate teaching learning
