Report on Online Workshop on

‘Empowering Educators: Integrating AI tools in classroom Teaching.’

Date: 3rd December 2025

Timing: 10:00 am – 3:30 pm

Mode: Online – Google Meet

No. Of Participants: 62

INTRODUCTION

The Humera Khan College of Education organized a one-day online workshop on “**Empowering Educators: Integrating AI Tools in Classroom Teaching.**” This workshop aimed to introduce teachers and students to the growing importance of Artificial Intelligence in education.

The workshop was conducted by two speakers, **Dr. Azeem J. Khan and Dr. Amol Ubale**, who guided the students throughout the session on 3rd December 2025 through Google Meet, and all the students gathered in the college computer lab to attend the session together. Before joining the workshop, the students completed their registration using their mobile phones, which helped them become familiar with the process of online event registration. The workshop brought everyone together to learn about new digital tools that can make teaching and learning more effective, interesting, and modern.

OBJECTIVES

The main objective of the workshop was to introduce teachers and students to the use of Artificial Intelligence (AI) tools in education. It aimed to show how AI can make teaching and learning easier and more effective. The workshop also focused on training participants to use AI for preparing lesson plans, worksheets, quizzes, and classroom activities. Another key goal was to encourage future educators to confidently use modern technology in their teaching practice.

SIGNIFICANCE

This workshop was important because AI tools can help teachers save time and work more efficiently. It also makes learning more engaging and interactive for students. By participating in this session, future educators learned how digital tools can improve classroom teaching and

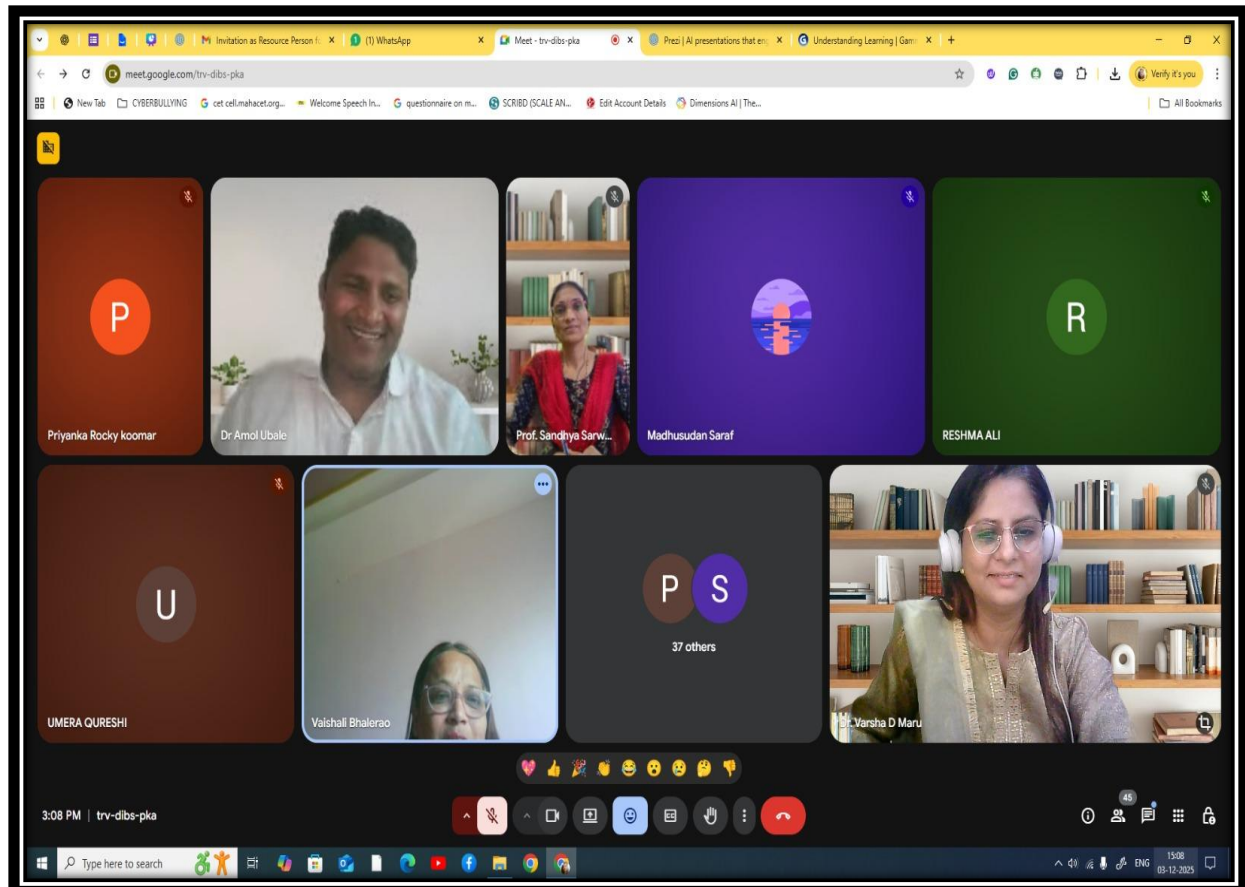

support students in better understanding the subject. Overall, the workshop played a significant role in preparing learners to use technology wisely in real classroom situations.

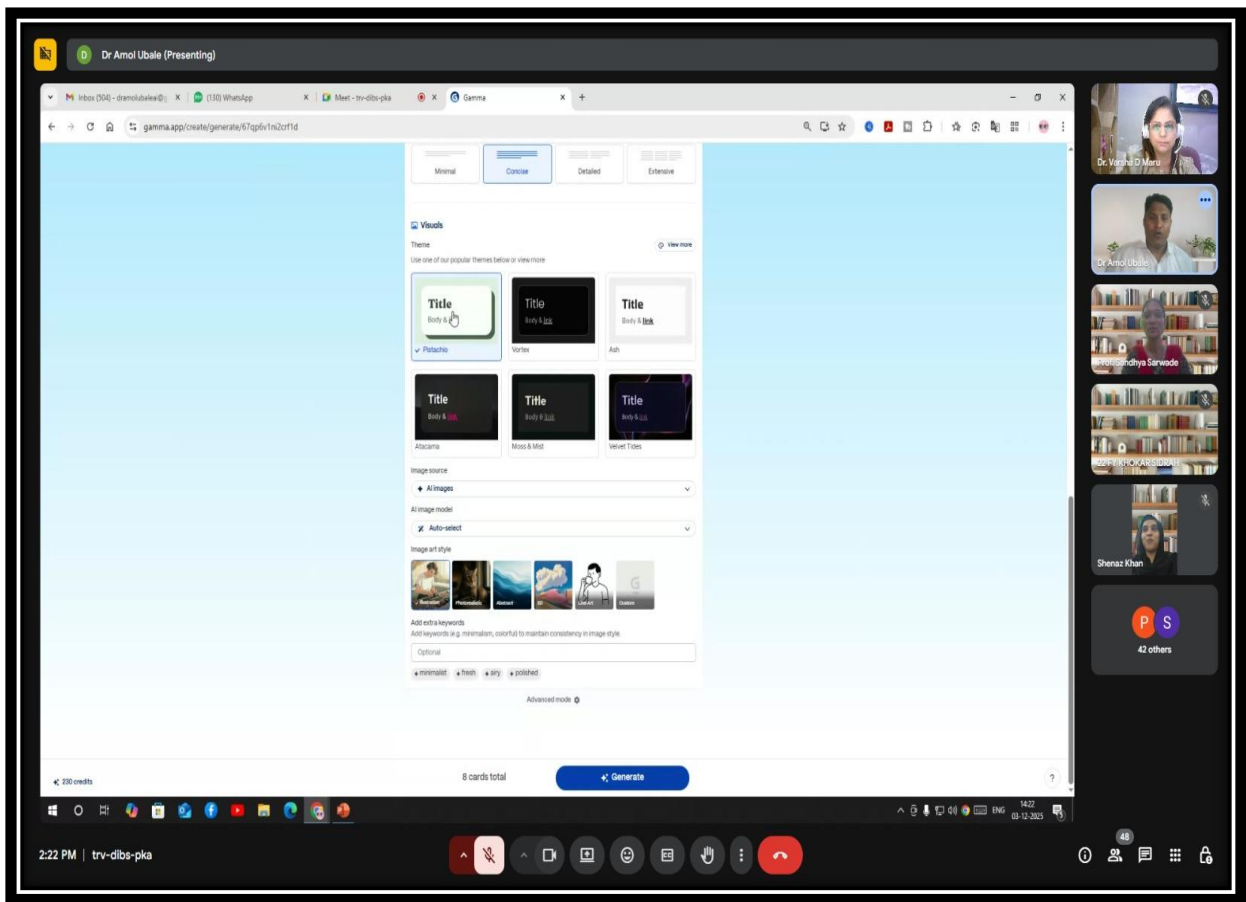

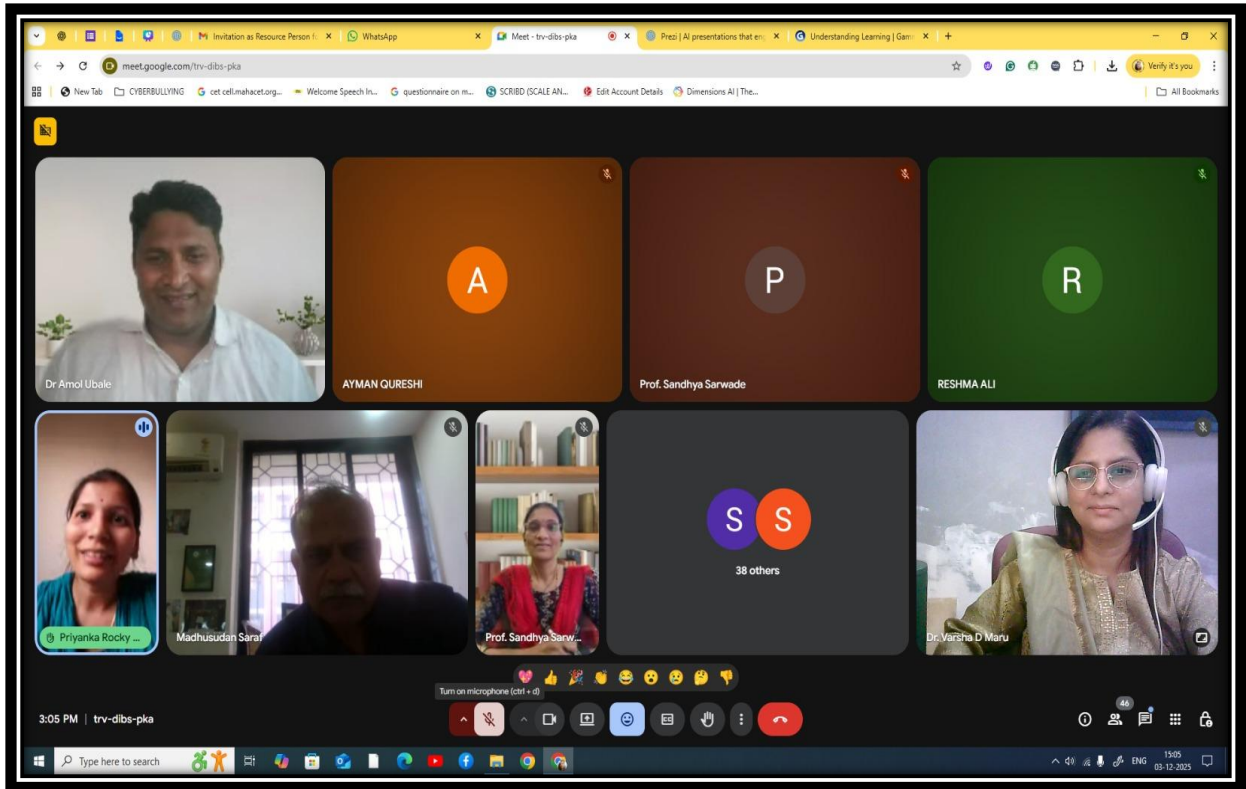

CONTENT

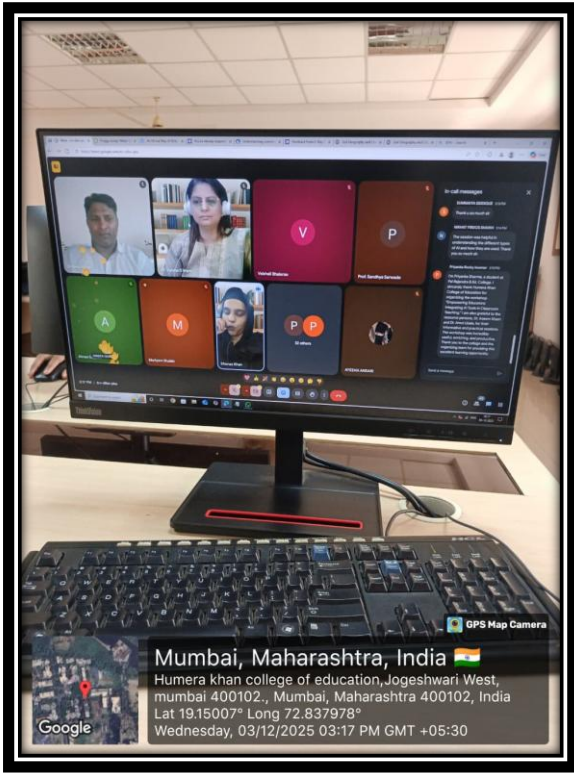

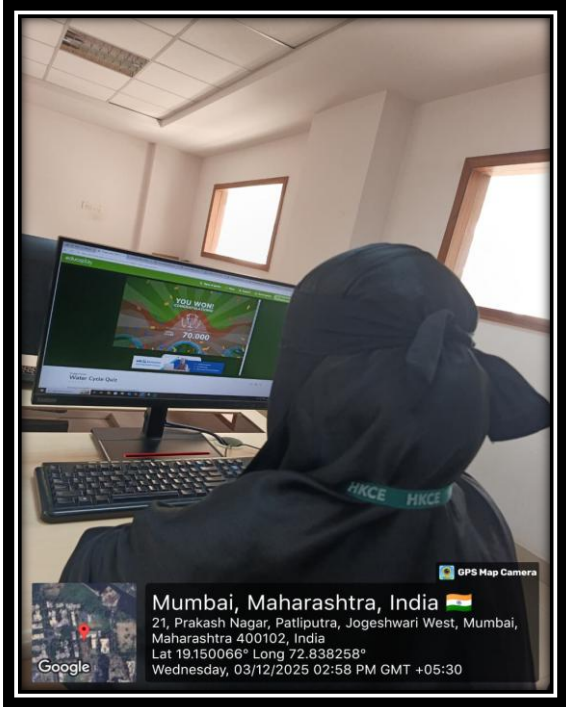

The workshop covered an introduction to different AI tools commonly used in education. The speakers demonstrated how AI can create notes, quizzes, and lesson plans within minutes. They also explained how AI can assist in checking assignments and giving useful feedback to students. Participants were guided on using AI safely and responsibly in the classroom. The session also included an interactive discussion with the speakers, Dr. Azeem J. Khan and Dr. Amol Ubale, which helped students understand the practical benefits of AI in teaching.

CONCLUSION

The workshop was very informative and helpful for all the participants. Students gained a clear understanding of how AI can support both teachers and students in the teaching process. The session successfully highlighted the importance of technology in modern education and encouraged future educators to adopt digital tools in their classrooms. It was a meaningful learning experience for everyone.
