Date: 1st November 2025

DLLE Event Coordinator: Dr Avani Kanakia

Student Managers: Aqsa Jairajpuri & Lubna Shaikh

The Department of Lifelong Learning and Extension (DLLE), in collaboration with the Environment Cell of Humera Khan College of Education, organised an **Online Quiz on “National Energy Conservation Day”, “Climate Smart Citizens – Building Knowledge for Action”** in the college premises. The initiative aimed to create awareness about climate change, sustainable practices, and eco-friendly lifestyle choices among students and staff. The quiz served as an interactive platform to enhance climate literacy and encourage individuals to take small yet impactful steps toward a sustainable future. It also inspired participants to reflect on their own environmental habits and think critically about solutions for a greener tomorrow.

A total of 92 participants actively took part in the quiz, showcasing their knowledge and enthusiasm for environmental preservation. The questions were designed to test awareness while also motivating participants to learn new facts about global warming, renewable energy, and conservation methods. The event was successfully conducted under the valuable guidance of Dr Avani Kanakia (Event In-Charge). The student managers, Aqsa Jairajpuri and Lubna Shaikh, efficiently coordinated and managed the smooth execution of the quiz, ensuring active involvement, timely responses, and a positive learning experience for all. Their teamwork and dedication contributed to the overall success of the event.

Learning Outcome:

Participants gained a deeper understanding of important environmental concepts such as climate change, global warming, renewable energy, and conservation practices. The quiz helped them become more aware of current climate challenges and the role of individuals in promoting sustainability. It reinforced the importance of being responsible and climate-conscious citizens by encouraging participants to translate their knowledge into simple, eco-friendly actions in their daily lives. The activity also fostered a sense of shared responsibility toward environmental protection and motivated participants to adopt consistent practices that contribute to a healthier and more sustainable planet. 🌱🌍
