Date: 28/02/2026

Time: 11:30AM-12:30AM

Venue: HKCE campus

Faculty and Student Participation

The program was graced by the presence of **Dr. Avani Kanakia, I/C Principal Dr. Varsha Maru, Dr. Sandhya Sarwade, and Asst. Prof. Shehnaz Khan** who guided and encouraged the students throughout the event. Their valuable support and motivation made the program successful and meaningful.

Students OF F.Y.B.Ed. and S.Y.B.Ed. actively participated in organizing and taking part in the rally and **VERMICOMPOST PIT ACTIVITY**. They brought biodegradable waste such as fruit and vegetable peels from their homes and properly disposed of it in the bio-waste disposal unit arranged on the college premises. Their enthusiasm reflected awareness, responsibility, and teamwork.

Introduction

On 28 February 2026, **Humera Khan College of Education** organized a Biodegradable Waste Awareness Program along with the Vermicompost pit activity to promote environmental cleanliness and sustainability.

The event aimed to spread awareness about proper waste segregation and eco-friendly disposal methods. Students participated enthusiastically in both the awareness rally and the practical demonstration. **Objectives**

- To spread awareness about biodegradable waste management.
- To demonstrate the process of vermicomposting
- To encourage proper waste segregation practices.
- To promote environmental protection and cleanliness.
- To develop environmental responsibility among students.

Significance of the Day

The program highlighted the importance of managing biodegradable waste in an eco-friendly manner. The vermicompost pit demonstrated how fruit and vegetable waste can be converted into natural fertilizer using earthworms.

The participation of F.Y.B.Ed. and S.Y.B.Ed. students was significant, as they are future educators who can spread awareness about environmental protection in society.

Content

Biodegradable Waste Rally

A rally on biodegradable waste was organized within the college premises to spread awareness about proper waste management and environmental protection where students carried placards with messages such as:

“Go Green”

“Segregate Waste”

“Save Environment”

“Reduce, Reuse, Recycle”

An informative session conducted by **Dr. Avani Kanakia Ma'am**, who clearly explained the concept of biodegradable and non-biodegradable waste. She highlighted the importance of waste segregation, composting, and maintaining cleanliness in our daily lives. Her explanation helped students understand how small actions can contribute to environmental protection.

The students also brought biodegradable waste like fruit and vegetable peels from their homes and placed them in the bio-waste disposal unit arranged on the campus. This practical activity helped them understand the importance of proper waste segregation and composting.

The rally aimed to create awareness among the college community about maintaining cleanliness and adopting eco-friendly practices.

The enthusiasm and unity displayed by the students truly reflected their commitment toward protecting the environment. The program successfully created awareness and encouraged students to adopt eco-friendly habits in their daily lives.

Learning Outcomes

- Students understood the difference between biodegradable and non-biodegradable waste.
- They learned the importance of proper waste segregation and disposal.
- Students gained practical knowledge about composting and bio-waste management.
- The activity developed environmental awareness and responsibility among students.
- It encouraged teamwork, cooperation, and active participation.
- Students realized the importance of adopting eco-friendly habits in daily life.
